EDUCATION

Texas A&M University, College Station, TX, USA	Fall 2026 –
Ph.D. in Economics	
Korea University, Seoul, South Korea	Sep. 2023 – Feb. 2026
M.A. in Economics	
Advisor: Prof. Kyu Ho Kang	
Chungnam National University, Daejeon, South Korea	Mar. 2017 – Aug. 2023
Bachelor of International Studies	
B.S. in Information and Statistics (Double Major)	

WORKING PAPERS

Endogenous Stochastic Volatility Selection in Bayesian VARs	with Kyu Ho Kang
Under Review	
Develops a Bayesian VAR model with stochastic volatility and spike-and-slab variable selection (BVAR-SVVS) that endogenously distinguishes homoskedastic from heteroskedastic variables, substantially improving density forecast performance.	
Climate Risk and the Macroeconomy: Evidence from a LBVAR with Stochastic Volatility	
Examines how incorporating climate variables improves macro-financial forecasting fit within a large Bayesian VAR framework. Results show that climate risk notably enhances long-term predictive accuracy, particularly for housing prices and financial indicators in Korea.	

WORK IN PROGRESS

The Linkage between Korea’s Risk-Sentiment Indicators and Exchange Rate Movements

TEACHING AND RESEARCH POSITIONS

Teaching Assistant, International Finance	Spring 2025
Instructor: Prof. Kyu Ho Kang	
Teaching Assistant, Microeconomic Theory II (Graduate-level)	Fall 2025
Instructor: Prof. Seung Han Yoo	
Research Assistant, Department of Mathematics, Korea University	Sep. 2025 – Dec. 2025
Advisor: Prof. Bara Kim	
Project: Application of Information Design to Scientific and Technological Problems (Funded by the National Research Foundation of Korea)	

AWARDS AND HONORS

Monetary Policy Contest, Bank of Korea	Jul. 2021
Third Prize, Chungcheong and Daejeon Regions	
Academic Contest, College of Economics and Management	Dec. 2022
Second Prize	

PRESENTATIONS

Korea University Economics Research Group (Oral)	Nov. 2024
Korea–Waseda Joint Conference (Oral)	Jan. 2026

SCHOLARSHIPS

Merit-based Scholarship	2017, 2018, 2021, 2022
Excellence Scholarship	2018, 2022
BK21 Teaching Assistant Fellowship	2023, 2024, 2025
Teaching Assistant Fellowship	2025

SKILLS

Software: R, MATLAB, Python, EViews, $\LaTeX$
Languages: Korean (Native), English (Fluent)

NON-ACADEMIC WORK EXPERIENCE

Republic of Korea Army	Oct. 2018 – May 2021
Completed mandatory military service, finished service as Sergeant
